Hydro-raking project thus far removed a lot of material from the Pond. There may be additional removal forthcoming, pending Council approval. There were two aerators in the Pond prior to hydro-raking; Avakian will advise next steps on that part of the project. Councilwoman Cole noted a debrief session will take place, including FHEC.

H. Third Street Trail (Brian Rice)

B. Olson noted there was a great turnout at the Volunteer Day 12/3. Mark Olson noted there is a similar project ongoing in Long Branch and he is really impressed with their progress in transforming open space. He believes there is demand from Fair Haven residents to volunteer and work on the Third Street Trail space. He hopes to garner more support from the Borough Administrator and Mayor. J. Peters suggested having a Third Street Trail liaison to FHEC to make their project more formalized. Councilwoman Cole discussed the origination of the FHEC and the committee/commission system to coordinate efforts of volunteers. B. Olson thinks the Green Team is a good example to study of which system makes sense. J. Peters suggested having all the “sub-committees” come to an FHEC meeting to discuss shared goals and plans. B. Rice noted the Environmental Roundtable is the current forum for these discussions.

I. FHEC Annual Report (All)

The Commission reviewed the draft Annual Report.

7. Planning Board Update (Brian Olson)

8. Council Update (Councilwoman Cole)

Councilwoman Cole thanked the Commission for their work and enjoyed being the Council liaison for the past two years.

9. New Business

M. DiMiceli noted a study in the Monmouth County Community Planning report, citing Fair Haven’s score of cancer based on air quality; will send to K. Larsen to circulate to the Commission.

10. Public Comment: *The FHEC welcomes comments, suggestions, and inquiries from residents of Fair Haven. You must wait to be recognized by the Chair. IDENTIFY YOURSELF BY YOUR NAME AND ADDRESS FOR THE RECORD. Limit your comments to three (3) minutes.*

Susan O’Brien advised that the Bird Sanctuary has a deed and can’t be developed and usually is checked by Parks and Rec Committee (Rachel Griffin). She believes Fair Haven Fields entrances (i.e. Third Street Trail) should be under Parks and Rec, where DJ should be able to direct DPW resources. Councilwoman Cole responded that all these entities can work together in layers and volunteers should feel appreciated and staff should know what to expect.

Bonnie Torcivia shared that there are many volunteers that want to work and hopes the Third Street Trail can move forward and get more support. She encouraged FHEC to keep up the hard work on Fair Haven’s environment.

11. Adjournment @ 8:35pm
