FOCUS on FAIR HAVEN

This Month In Fair Haven

To The Fair Haven Community,

As you may have already seen in the media, on Sunday, January 17th, approximately fifty flyers, which contained biased and hateful information, were littered in some of Fair Haven neighborhoods. As the elected leader of this fine community, I wanted to publicly state that, while this type of public commentary is protected as free speech in America, it does not reflect the beliefs or values of the great majority of our nation's citizens. Additionally, whoever left these flyers should have known that Fair Haven prides itself on having a long history of diversity and acceptance; as such, this type of incident, while distressing, does not reflect and will not alter, our collective values. As expected, the Borough's Police Department dealt with the incident in a professional manner and they will continue to monitor all activity within the Borough to insure that our residents remain safe, at all times.

Sincerely, Mayor Ben Lucarelli

TIME FLIES IN THE FAIREST OF HAVENS

On February 1, 2016, I passed a milestone that, for me, came in a blink of an eye; that date marked five years since I took over as Fair Haven's Borough Administrator. Professionally, it has been a very exciting and rewarding five years. I have had the very good fortune to work for a very talented and dedicated group of Governing Body members and to work with an equally talented and dedicated Borough workforce. I also had an opportunity to meet and work with many of the volunteers who serve this fine community, on an ongoing basis. To me, it is self evident that Fair Haven is a vibrant and thriving community, simply because so many great people call it home. It has truly been my honor and good fortune to spend the past five years as your Borough Administrator. I am really looking forward to the endless possibilities ahead for this fine community; I just wish that, for all of us, the time didn't fly by quite so fast.

In closing, I want to note that, over the past five years, I have received a great deal of very valuable input and insight from the residents of this town. Please know that my door is always open and that I am never too busy to speak to anyone who lives or works in Fair Haven. If you have any comments, questions, or concerns, feel free to contact me at my office by calling 732-747-0241, or via my Borough email account, tcasagrande@fjbboro.net.

DEPARTMENT OF PUBLIC WORKS SERVICE REVIEW UPDATE

Dear Fair Haven Residents:

The Mayor and Council recently appointed a subcommittee to review the delivery of all services provided by the Fair Haven Department of Public Works (DPW). I think it is very fair to say that, along with everything else they do in town, the Borough's DPW provides many services that our residents care about the most, including: brush and leaf collection, bulk trash disposal, and snow removal. The goal of the Committee is to make a series of recommendations that will make sure that our residents receive quality Public Works services, delivered in an effective and efficient manner, which also keeps our streets clean and safe.

As a first step toward that goal, the Committee has approved a new DPW zone map, which divides the Borough into three Zones: A, B, and C. Accordingly, from now on, the Borough will be picking up brush and leaves, as well as clearing snow, using this three zone map. Please take a minute to familiarize yourself with your new brush, leaf, and snow zone, which can be found in the 2016 Municipal calendar in the month of March. Please note that these new A-B-C - Zone designations are different from the Borough's present Zones 1-2-3-4 trash and recycling pickup schedule.

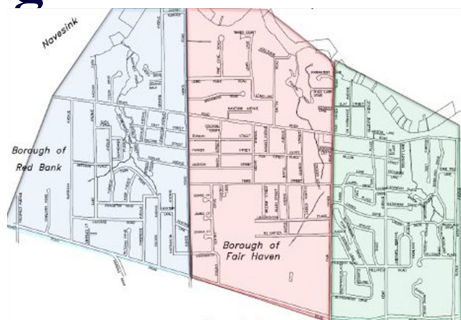

The other major change to our brush and leaf pickup schedule will be clearly assigned pickup weeks, designated by your new zone. The purpose of this change is so residents will know the specific week the Department of Public Works will be picking up brush and leaves, in their zone, each month. **We are asking residents to please wait and only put your brush and leaves to the curb on the Thursday to Sunday before your designated pickup week.** Once the DPW picks up on your street, during your designated week, they will not return again to your street until your next designated pickup week. As such, once the DPW Crew has picked up on your street during your designated pickup week, please hold all brush and leaves on your property, as opposed to in the street, until the weekend before your next designated pickup week.

The reason for this change is very simple: we are trying to keep the Borough's streets as clean and free from debris as possible, all year long. That goal is simply unattainable if residents are putting brush and leaves to the curb, all over town, each and every day of any given pickup month. In the interest of community pride and environmental friendliness, we are asking for the cooperation of all residents, as we strive to deliver DPW services in an effective and efficient manner which also keeps our streets clean and safe.

If you have any questions regarding your brush, leaf and snow zone, please feel free to contact the Borough offices, 732-747-0241, Ext. 219. I thank you for your anticipated cooperation and welcome your suggestions for enhanced services through-out the year.

Best regards, **Theresa S. Casagrande, Borough Administrator**

Emerald Ash Borer—An insect, native to Chi-

na, called the **Emerald Ash Borer (EAB)** has killed an estimated 60 million of Ash trees in North America costing billions of dollars. EAB has become the most destructive forest insect to ever invade North America. As of October 2015, Emerald Ash Borer has been found in various New Jersey counties including

Monmouth County. Diagnosis of an infection is very challenging and, if a tree is infected, many times the only option is to take it down to prevent further spread.

Human behavior contributes to the *artificial* spread of EAB primarily through the movement of common ash tree products such as firewood, nursery stock, green lumber, etc. As a result, many states, including New Jersey, are under Federal quarantine for movement of EAB regulated articles.

A message from our 2016 Fire Chief

As I start my 20th year with the Fair Haven Fire Company I am proud to be able to serve the community as Chief of the department. With the winter coming on in full force there are some things that the residents can do to help make things safer for everyone.

After a significant snowfall we will do our best to clear a path to all fire hydrants, but here's where you can help. After you clear your cars and sidewalks, please don't forget about your fire hydrants. By clearing a path around the hydrant you are not only helping yourself but you are helping your fellow residents. A fire hydrant that is already cleared allows us to get water faster and to concentrate on protecting life and property.

In addition, snowfalls can possibly block your vents. Please take a few minutes to check all vents around your home after a snowfall. When exterior vents are blocked, carbon monoxide has nowhere to go and can build up in your home creating a dangerous situation.

If your carbon monoxide alarms alert you to a possible buildup in your home, leave your home and call 911. Do not open any windows or doors; the fire department needs to measure accurate readings when they arrive on the scene as well as allowing them to locate the source of the leak.

Please remember to check all batteries in your alarm (fire and carbon monoxide) and make sure they are in working order as they are your first line of defense in case of an emergency.

I am looking forward to a safe and productive year serving this wonderful community I am proud to call home.

Michael Wiehl, *Fire Chief 2016*

CRIME PREVENTION

This time of year is when a lot of car burglaries seem to take place. Please be sure to always lock your vehicle doors and remove all personal items from view, especially at night, even if your vehicle is parked in your driveway. The first step to fighting crime is preventing it from happening. Always make sure that your house doors and windows are locked when you are not home and to set alarm systems if you have them. If you are going out of town, please contact police headquarters @732-747-0991 to be put on the Homes Watch List.

Please make sure to have your house number posted and visible from the roadway. This will make it easier when emergency personnel are responding to your residence or a neighbor's house. Also make sure that the exterior of your residence is well lit at night and when away on vacation.

Please be vigilant when you are at airports, train stations, major events, etc... look for any suspicious items left alone, suspicious behavior by a person or anything else out of the ordinary. Please report any suspicious incidents immediately to the proper authority.

PART-TIME CROSSING GUARDS NEEDED

They're some of the first people you see when they literally stop traffic ... with a stop sign, a "Cross!" and a wave. They're your school crossing guards. Not a lot has changed about the role of the crossing guard.

REASONS to become a Crossing Guard
