## *Borough Administrator's Notes*

### BUDGETS AND BOUNCING BALLS

The Borough's 2017 municipal budget was adopted in the first quarter of the year and I am pleased to report that in this year's budget the amount to be raised by taxation will actually be going down slightly, resulting in a zero tax increase in the municipal portion of your local property tax bill. In 2016, the average residential assessment was \$741,546. In 2017, that average assessment increased to \$770,600, yet in 2017 that conceptual average home will pay \$14.89 **less** in municipal property taxes than they paid in 2016. Even with this decrease in municipal taxes, the Governing Body still budgeted \$260,000 in the Borough's Capital Improvement Fund and reserved additional funds for both future capital improvements and debt service reduction.

If you have visited Fair Haven Fields lately, you will have noticed the complete renovation and expansion of the Borough's tennis facilities. I am very pleased to report that this much needed and major capital improvement was done as part of an interlocal services agreement with the Rumson-Fair Haven Regional Board of Education. The cost of the project is being jointly shared by the Borough and the Regional Board and these facilities improvements will benefit both public entities. The new facility will have five courts which will accommodate high school varsity tennis team match play, as well as, the Borough's recreational tennis needs. In addition to offering tennis, two of the courts will also be striped as pickle ball courts which allows the Borough to provide courts for this fast paced and increasingly popular paddle sport.

I want to recognize the fine efforts of the Mayor and Council for having the foresight to creatively plan for and implement multiple major infrastructure improvements while still holding the line on municipal tax increases.

As always, I thank the many Borough residents who have taken the time to speak to me regarding Borough related concerns. If you have any comments, questions or concerns, feel free to contact me at my office by calling 732-747-0241, or via my Borough email account, [tcasagrande@fhboro.net](mailto:tcasagrande@fhboro.net).

Best regards,

*Theresa S. Casagrande*, Borough Administrator

## Fair Haven Fields Natural Area Volunteer Day

The Fair Haven Fields Natural Area (FHFNA) is an invaluable resource for residents and visitors to our beautiful town. In order to maintain this treasure, every year on Volunteer Day, generous volunteers lend a hand in clearing the trails and pond of debris, and they also perform other necessary tasks so that everyone can continue to take in the breathtaking beauty of the Natural Area.

This year's Volunteer Day, on April 15th, Earth Day, brought numerous helping hands from the local cub scouts, the high school's Key Club, the DPW as well as many Fair Haven citizens. A crew from the RFH Key Club weeded the nursery area and planted seedling trees with help from David Becker and David Karl of the DPW. Natural Area Chairperson Stephen Sheehan pulled out some of the largest and most unsightly logs from the pond. Trails were raked to remove large chunks of wood for easier traversing. And even though there was work to do, it was easy to see laughter and fellowship among people enjoying each other in the presence of clean air and the awe-inspiring beauty that nature provides. The FHFNA Committee sends a huge THANK YOU to everyone who volunteered and assisted in the clean-up.

## Attention: New Driver Alert!

The spring and summer seasons are the time of year when many new drivers venture onto our local roadways.

For the parents of these drivers, these are understandably nerve-racking times. For the teenage driver, this is the first sense of freedom. Oftentimes, with that freedom, comes bad choices which can lead to reckless driving behavior, distracted driving and impaired driving. There are many new vehicles equipped with the technology to allow you to monitor your teen's driving performance, to set speed alerts, radio volume limits, etc. There are also apps for your smartphones that will allow you the same options and more. While technology is advancing, it does not take the place of good driving practices and close parental supervision. Parents are the key in creating a safe driver. ***Safe Driving Saves Lives!***

## Probationary Driver's License Requirements

You must observe the following requirements and restrictions while driving with a probationary license:

- Display a reflectorized decal on each license plate (front/back); decals available at motor vehicle agencies, \$4 per pair. Must be affixed on every vehicle the teen has access to drive.
- No driving after 11:01 p.m. and before 5:00 a.m.
- Parent(s), guardian(s) or dependant(s) are allowed as passengers. A dependant is a permit or probationary driver's child, not siblings.
- Only one additional passenger is allowed unless accompanied by a parent or guardian.
- You can't use cell phones, hand held video games or any other hands-free interactive, wireless communication device.
- Seat belts must be worn at all times.

## **DON'T FORGET TO LICENSE YOUR PET!!**

January 31st was the deadline for registering your pets without a penalty. There is an additional fee of \$5.00 per month.

Water safety needs to be practiced at all times. Whether you are at the beach, near a swimming pool or on a boat, make sure that children are watched at all times and flotation devices are available if they do not know how to swim. Practicing water safety will help make your summer more enjoyable and relaxing.
