

COMMUNITY SURVEY

Dear Fair Haven Community Members:

On behalf of the Fair Haven Mayor and Council and the Borough's Restaurant Zoning Subcommittee, I want to thank all of our residents who took the time to complete our most recent community survey. The survey results for all of the quantitative questions can be reviewed via the link below:

[SURVEY RESULTS](#)

The survey was designed to acquire community input on a variety of important topics, including the future development of the Borough and the prioritization of resources. Nine hundred twelve (912) people replied to the survey, which is an excellent response percentage, so we are very pleased to have reached our goal of achieving a high rate of community input.

*Best regards,
Theresa Casagrande, Borough Administrator*
