

CVS Expands COVID Vaccination Sites To 163 NJ Locations

The advent of the Johnson & Johnson vaccine has brought an expansion to locations throughout the Garden State. Set an appointment now.

NEW JERSEY - The rollout of the Johnson and Johnson COVID-19 vaccination has triggered an expansion of inoculation sites in the Garden State and those interested [can register now](#).

CVS Pharmacy was already administering vaccines as part of the Federal Pharmacy Program, which means they receive doses directly from the federal government separate from the New Jersey allocation, and now has begun receiving shipments of the Johnson and Johnson vaccine.

[Scheduling began Friday](#) at these locations with inoculations set to begin Saturday:
